

## Drug Discovery & Biomarkers

North East England is one of the most dynamic regions in Europe and we are driving the growth of its flourishing healthcare and life sciences economy.

Supporting innovative technologies emerging from the field of biomarker discovery and, with partner organisations, facilitating successful commercial activities is a major part of our role.

Here we aim to provide a snapshot of the ground-breaking initiatives, depth of expertise, supportive infrastructure and strong industrial base that makes the region such a vibrant place for anyone involved in this kind of work.
