

Existing regional business

Cels offers a range of services to healthcare businesses in the North East.

We have close relationships with a number of organisations and agencies across the region which provide funding for business start-up and expansion. We can put you in touch with these potential sources of investment and can also facilitate introductions with key organisations in the private and public sector, academics and clinicians.

Cels runs a series of popular events which offer expert advice on specific healthcare topics as well as general business advice such as marketing and finance through our membership network, HealthConnect.

The annual Business for Life Awards, organised and hosted by Cels, give businesses the opportunity to raise their profile amongst the healthcare community and to receive the recognition they deserve.

Businesses can also join HealthConnect, our network for healthcare and life sciences professionals and organisations. It offers a number of membership benefits, from exclusive discounts and rewards to expert business and scientific advice.

Through NEPAF Cels is able to provide access to state of the art equipment and expertise in the field of proteomics to help companies develop new or improved products. In addition the facility can be used to provide enhanced technical and applications support for companies.

Cels also offers access to business consultancy services through our commercial services division CBSL.
